ACKNOWLEDGEMENTS

The Lake Michigan Management Plan 2004 was developed by the Lake Michigan Technical Committee with assistance from the Lake Michigan Forum and various other agencies and organizations. The LaMP benefited from the publicly and privately funded research of many institutions, results of pilot projects and generous critiques throughout the process. Our goal is to restore and protect the integrity of the Lake Michigan ecosystem through collaborative, place-based partnerships. The following is a list of some of the major contributors to the LaMP.
